Aura Ultrasonic Diffusers

The Aura range of Ultrasonic Aromatherapy Diffusers truly is designer luxury! Ultrasonic diffusers work by breaking down the essential oil into micro molecules then projecting them into the air to fill a room or work space. The vibrations vaporize the oil and disperse it into the air without using any source of heat. Since the oils are not heated in the process the purity and health benefits of the oil are intact.

Pure Essential Oils

Specially blended for Aura ultrasonic diffusers!

PURE ESSENTIAL OIL BLENDS - 20 ML

The Le Bleu range of pure essential oil blends is specially formulated to use with our Aura ultrasonic aromatherapy diffusers and comes in a range of four exciting aromas.

The signature Le Bleu **BLEU VELVET** aroma is crisp, clean and elegant and a blend of Lavender, Rose Geranium, Neroli and Ylang-Ylang essential oils.

OUT OF THE BLEU is perfect for healing and cleansing and a blend of Eucalyptus, Rosemary, Peppermint, Wintergreen and Lemon essential oils.

BLEU RAIN is fresh, crisp & refreshing with Lemon, Grapefruit, Bergamot and Tea Tree essential oils.

BLEU MOON is calming, balancing and relaxing with Ylang-Ylang, Lavender, Neroli and Vanilla essential oils.

PURE ESSENTIAL OILS

Le Bleu only stocks the best quality and organic essential and aromatherapy oils for a range of health and wellness benefits. You can dilute essential oils by adding a few drops to a carrier oil or use with an aromatherapy diffuser.
